

FIND THE RIGHT RESOURCES FOR

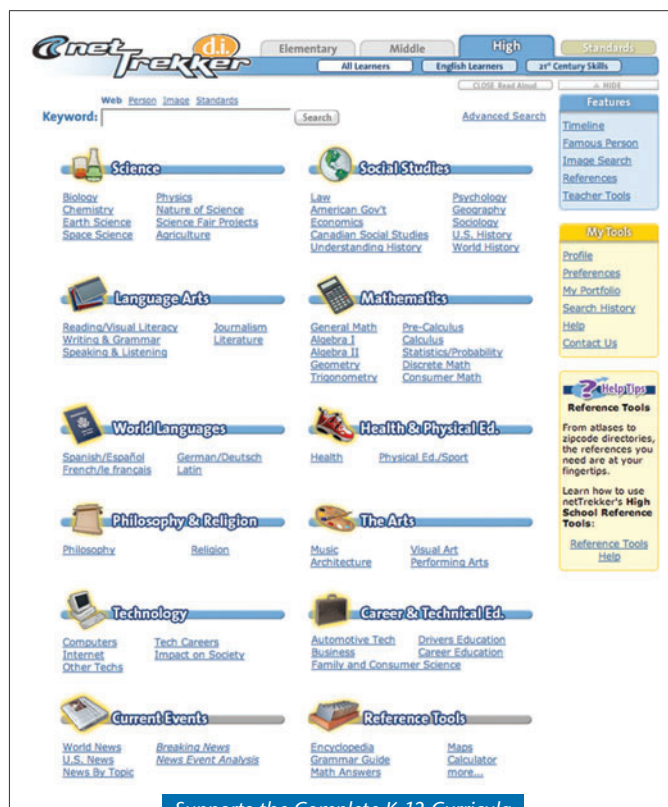

Every Student

Every Educator

Every Time

with **AMERICA'S #1** Educational Search Engine

- Award-winning educational search engine that brings the best of the web to K-12 students, teachers, librarians, and parents.
- Connects you and your students to more than 180,000 hand-selected, educator-approved resources and images – organized by grade and readability level and aligned with your state standards.
- Now includes a dedicated 21st Century Skills Channel with customized instructional tools and learning resources that reinforce these important skills.

Supports the Complete K-12 Curricula

"netTrekker d.i. is fast becoming our teachers' favorite instructional technology tool because it delivers so many great, safe, educator-reviewed resources! The ELL Channel supports our diverse urban student population and the 21st Century Skills Channel prepares our students for life beyond OUSD."

John Riley Instructional Technologist
Oakland Unified School District Oakland, CA
